When you join our Worship, please keep in mind the following:

a. Adjust your screen name to identify yourself. If your screen name is a phone number you will be asked your first name. If are using a computer, or a laptop, a right mouse click will show the menu. If you are on an iPhone, tap Participants to get the menu.

 b. Be conscious of background noise. In a gathering of Quakers in silent worship background noise is greatly amplified. You may not be able to tell the noise is coming from you. Please either be on mute when you join or mute yourself by clicking or tapping on the microphone on your screen or pressing the space bar to toggle between Mute and Unmute. On an iPhone you tap Participants to get the menu. During Meeting for Worship you will be muted automatically. You should unmute yourself to share ministry but be sure to mute when you are done.

c. Please be conscious of your surroundings. A Quaker meeting is a sacred space. It is a space for the sharing of ministry which may be very private. Please be sure that the environment you have chosen to join us from honors this space.
